Fundraising

Our fundraising efforts this year are being directed towards installation of another shade sail in the kinder playground and upgrading some of the outdoor equipment.

Thank you for your support of our living fundraiser drive, we raised approximately $700.

Our next event is the Trivia night on the 22nd June 2013. Grab your friends and families and make up a table of 10. Great prizes are on offer.

Diary Dates...

10th June 2013
Public Holiday
no kindergarten

22nd June 2013
Trivia Night

28th June 2013
Last day of Term 2

30th June 2013
Last day to finalise/update enrollment details for kinder next year with WPSA.

15th July 2013
First day of Term 3

17th July 2013
4 year old kinder photos

18th July 2013
3 year old kinder photos

Working Bee

Thank you to all the families who helped with the working bee. The playground looked fabulous.
4 year olds

Easter Bonnet Parade

The four year old children had a great time making Easter Bonnets. The children practiced Easter songs and presented them to their parents and at school assembly. It was a great success.

Dinosaur Drama

The children participated in a dinosaur drama incursion. Some buddy young actors were discovered!

3 year olds

We have been enjoying some imaginative play in the home corner; playing dress ups and making lots of delicious food.

We have been talking about the changes with the weather and the children have been collecting lots of materials from outside. We have used leaves to paint and have made a beautiful autumn tree!

We have been focusing on our fine motor skills and doing lots of drawing and cutting. Cutting is a very tricky skill to learn and the children have been doing well making the paper stable with one hand and cutting it with the other hand.
Too sick for kinder.....

As winter arrives, so do the bugs. Illnesses are easily spread between children in preschool settings.

The health and welfare of all children is of great importance to us. If your child is unwell, they are best cared for at home — please do not send them to kindergarten.

Symptoms such as fever, bad cough, sore throat, rashes, conjunctivitis, vomiting or diarrhea are indicators that your child should stay home. As a rule of thumb, if your child has had a temperature above 38 degrees or vomiting or diarrhea they should stay home for at 24 hours after their last symptoms.

For some infectious diseases, specific exclusion periods apply—please speak to Anna Maria or Belinda if you are ever unsure.

Healthy Lunchboxes.....

Healthy lunches and snacks are important for active children. It is important to offer healthy lunch box choices.

Children who help choose and prepare their own lunch are more likely to eat it.

Suggestions include:

Fresh fruit

Crunchy vegetables

A meat or protein food such as slices of lean meat or hardboiled egg

Dairy food such as a cheese stick or slice, grated cheese, milk or yoghurt

Starchy food such as bread, a roll, pita or flat bread, fruit bread or crackers

Water
